## Website Design Case Study – My Biz Area

---

**Internet Business Ideas:** Every internet business is different and I know most people have been dreaming about starting their own business for ever. I would like to know, in your own words, what your idea was for [www.MyBizArea.com](http://www.MyBizArea.com)

**My idea was to bring businesses across the world together;** especially small businesses. I envisioned a place where businesses/entrepreneurs needed to share ideas, tools, network with each other, advertise, listings, and a lot more. In the near future, businesses will even have features on their profile to sell their products, give samples, and profit. This and a lot more all for FREE.

**Why you decided to start your own internet business:** I would like to know / share with others why you decided to start this internet business. Everyone has a different story and I would like to know yours.

**I decided to start this business,** because I being an entrepreneur myself needed a FREE tool like this online, so I can advertise, and have my own place online. ALL FOR FREE

**Why you decided to go with WebBizIdeas.com:** We are very interested in knowing why you chose our company. Whether you just liked our portfolio or just liked hearing our voices over the phone, we would like to know 😊

**WebBizIdeas.com looked very professional and I felt like I can really trust them. They also helped me a lot during my process of creating my site, and giving me better ideas. I trusted them because of their expertise in online business.**

**Your Website Design:** Can you tell customers about how / why you had us design your website the way it is. Please let us know in your own words how WebBizIdeas.com designed your site. Are you happy with it, do you have future plans to develop it more?

**I am very happy with my site,** and have plenty of future plans for my site, in which I will have WBI in on all development future plans.

**Who is your target audience?** Can you tell us more about your target audience? This will be very helpful for you in the search engines if you include 'keywords' that you are trying to obtain listings for in the search engines.

**My target audience are small businesses,** Network marketing companies (ACN, AGEL, MANGOSTEEN, YTB TRAVEL, ECT....), entrepreneurs, start up companies, realtors, brokers, and anyone that does business, or just needs ideas or needs a service.

**Overall Feedback:** Can you give us your overall feedback on how you liked working with WebBizIdeas.com and your project manager?

**Overall my process was pretty good.** Because of the complication of my site and how new the technology was there were delays, but well worth it. In the end everything came together and worked out.

**Current Advertising & Promotions:** We are very interested in knowing what our customers are doing for advertising & promotions. If you could share what you are doing and if any companies are working for you that would be greatly appreciated. We would love to know if you are having success.

**MI am currently using Google Adsense** for most of my advertising needs and I also bought magnet signs for all my cars.
